EDUCATION

Shri Vaishnav Vidhyapeeth Vishawvidhyalya, Indore
Bachelor of Technology [Computer Science & Engineering]

Expected Graduation: July 2026

EXPERIENCE

Software Developer Intern — Inbotiq May 2026 – July 2026

- Worked on full-stack web development using React.js, Node.js, Express.js, and PostgreSQL.
- Developed workflow automation using n8n with API integrations and webhooks, and assisted in deploying and maintaining applications on Microsoft Azure.

Business Intelligence & Data Visualization Intern — Tata Consultancy Services Feb 2026 – May 2026

- Designed dashboards and reports using Looker Studio.
- Worked with data preparation, KPI tracking, and visualization techniques for business intelligence reporting.
- Assisted in analyzing datasets and presenting insights through data driven reports.

Design Intern — EURO DREAMS EDUVERSEAS PRIVATE LIMITED Jan 2025 – Feb 2025

- Designed and created graphic posters for company products while collaborating with cross-functional teams.
- Applied color theory and visual design principles to enhance user-facing visual presentation.

Organizer — VoidHack 5.0 & 6.0 July 2023 – 2024

- Core member of national-level hackathons; coordinated with participants and mentors and assisted teams during the event.

SKILLS

Programming Languages	C, C++, JavaScript, Java, Python, TypeScript
Frontend Technologies	React.js, Tailwind CSS
Databases	MongoDB, SQL
Cloud & Tools	Azure, Git, GitHub, Docker, Jenkins, Firebase, MongoDB Atlas
Operating Systems	Linux (Ubuntu), Windows
Automation	n8n (Workflow Automation, API Integration, Webhooks)

PROJECTS

- **Portfolio Studio:** Built a full-stack SaaS platform that enables users to create, customize, and publish professional portfolio websites using pre-built templates. Implemented secure authentication, profile management, portfolio publishing, dynamic template rendering, and public portfolio sharing through custom URLs.
- **Personal Portfolio Website:** Designed and developed a responsive portfolio website using React and Tailwind CSS to showcase education, experience, projects, and certifications.
- **Recipe Catalog App:** Full-stack recipe management application built with React, Node.js, Express, and MongoDB. Features include creating, editing, deleting recipes, marking favorites, and smooth navigation. Deployed frontend on Vercel, Render and Docker container on Docker Hub for scalable access.
- **Secure Authentication System (Next.js + Node.js):** Implemented JWT-based access and refresh token authentication with bcrypt password hashing for secure user login and signup. Developed middleware for protected API routes, role-based authorization, input validation, and environment-based configuration using Node.js.

CERTIFICATIONS

Sheryians - MERN Cohort : Focused on Web Development, Data Structures and Algorithms (DSA), and aptitude training.
Digital Application Fundamentals (STEM) – NASSCOM FutureSkills Prime : Completed certification aligned with IT-ITeS Sector Skills Council standards, covering fundamental digital concepts and industry-relevant skills.
IBM Virtual Internship – Cloud Computing (IBM Skills Network) : Successfully completed a virtual internship focused on cloud computing concepts, practical exposure to IBM tools, and real-world project-based learning.
Coding Ninja's – Introduction to Java: Covered core Java concepts for building strong foundational knowledge.
